📍 Seattle, Washington United States

📅 December 23rd, 1998

🇺🇸 United States Of America

### PROFILE

Isla Bennett is a passionate environmental consultant who calls Seattle, Washington, home. With a background in sustainability and urban planning, Isla works with local communities to develop eco-friendly projects that make a difference. Outside of her work, she's a nature enthusiast, often found hiking the Pacific Northwest trails or volunteering at environmental advocacy organizations.

### PROFESSIONAL EXPERIENCE

2022 – present  
Washington, USA

#### **Horizon Investments**, Environmental Consultant

Isla Bennett serves as an environmental consultant, helping businesses and municipalities create sustainable, eco-friendly solutions. She assesses the environmental impact of current practices, advises on regulatory compliance, and develops strategies to reduce carbon footprints and promote green initiatives. Isla works with clients to implement sustainable practices, from energy efficiency to waste reduction, ensuring that projects align with environmental standards. Her expertise is essential in guiding organizations toward a more sustainable future.

### EDUCATION

2013

#### **University of Oregon**, Bachelor of Science (B.S.) in Environmental Science

- Project Management Professional (PMP)
- Certified ScrumMaster (CSM)
- Lean Six Sigma Green Belt

2017

#### **Yale School of the Environment**,

Master of Environmental Management (MEM)

- LEED Green Associate
- Certified Environmental Professional (CEP)
- Climate Reality Leadership Corps Certification
